

IN ORDER TO GROW, CONSTRAINTS MUST BE REMOVED – AND THE BIGGEST CONSTRAINT IN OPERATIONS IS LABOR.

Problem

Always missing revenue opportunities, demanding rigorous OT on your employees, losing productivity due to dips? There is always an ebb and flow dilemma happening which makes it impossible to maximize productivity with a fixed labor model.

Solution

Increase

- OTIF
- Productivity
- Agility
- Flexibility
- Satisfaction

Decrease

- Overtime
- Recruiting/Onboarding
- Turnover
- Lead times
- Cost per unit

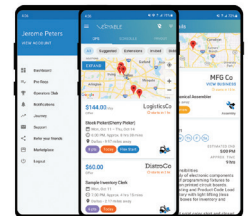

Business Portal

Veryable Marketplace

Worker App

Differentiator

Veryable’s labor marketplace unlocks a third option: build a bench of skilled and highly rated on-demand workers (called: “your labor pool”) to bring in at a moment’s notice. The result is a just-in-time, flexible workforce that empowers your operations to perfectly balance business demand with workforce supply at zero cost to scale.

New Paradigm with Veryable

A network of familiar operators that can be flexed in and out on-demand
